12<sup>th</sup> November 2018

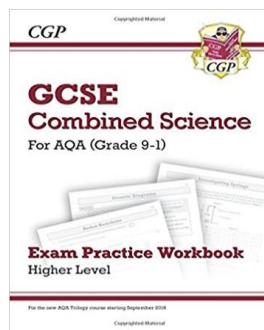

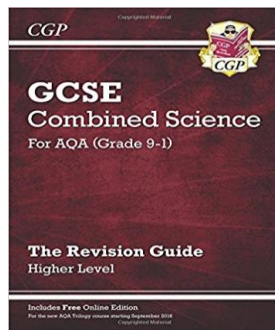

Dear Parent/Carer

I would like to bring your attention to a valuable resource to help your child study and revise the AQA Science curriculum. It is a comprehensive revision book that contains all of the topics required for the course.

In order to help our students and your child to achieve their full potential, I thoroughly recommend the CGP Revision Guide for GCSE AQA (Grade 9-1). Schools are able to purchase the revision guides at a reduced rate.

As your child is studying the AQA Trilogy route they will need a revision guide entitled Combined Science for AQA (Grade 9-1). These retail at £9.95 each but the school can purchase them at £5.50 each.

The revision guide also comes with an online password to access the guide online. There is a workbook for each of the Sciences that also compliments the Revision Guide and contains graded questions and past paper questions to help your child apply their knowledge and discover gaps in their knowledge. They retail at £9.95 and again, the school can also purchase these at £5.50 each.

If you wish to purchase them through the school at the reduced rate, then please complete the order table attached. **Please inform your child to take the order form and the correct money to the Finance Office in an envelope by Friday 23<sup>rd</sup> November latest.**

Yours faithfully

Mrs R Harris  
Head of Science

REF: Trilogy/Combined Science Revision books: Science

TO: Mrs Harris

Student Name: .....

Student Year group: .....

I would like to purchase these revision guides independently/from the school.
